// ARTIST BIO

Laser Head is the DJ and production project of Enchanted Sound Productions, based in Red Deer, Alberta. With over 10 years of experience at festivals, clubs, and events across Western Canada, Laser Head brings sharp instincts and relentless energy to every set.

Genre-fluid by design — moving across Tech House, Deep House, Drum & Bass, Bass, Dubstep, Trance, Psy Trance, Top 40, Funk, and Remixes — the sound is always driven by what the floor needs.

Powered by a Denon Prime 4 and Serato DJ with SoundSwitch lighting sync. Fully comfortable on Pioneer CDJ and DJM setups. Available for festivals, club nights, private events, and b2b sets.

// THE SOUND

Tech House	Mechanical grooves, hypnotic loops, relentless drive.
Deep House	Warm chords, late-night tension, soul in the sub-bass.
Drum & Bass	170BPM precision. Liquid to dark. No filler.
Bass	Mutant low-end experiments at the genre borderline.
Dubstep	Heavy, intentional, built for impact.
Trance	Euphoric builds, soaring melodies, and driving rhythms.
Psy Trance	Hypnotic and mind-bending — for dancefloors that go deep.
Top 40	Crowd-ready hits played with intention, never on autopilot.
Funk	Groove-first energy that keeps floors locked in.
Remixes	Familiar tracks recontextualised — the best of both worlds.

// TECHNICAL RIDER

PRIMARY CONTROLLER	Denon Prime 4
BACKUP / STUDIO	Denon MCX8000
SOFTWARE	Serato DJ
LIGHTING SYNC	SoundSwitch
MIDI CONTROL	Akai APC Mini MK2
PIONEER READY	Fully comfortable on CDJ setups and DJM mixers — no advance setup required

// LOGO & BRAND USAGE

All logo files are available in the Google Drive media folder. Use these guidelines to ensure the Laser Head brand is represented consistently across all print, digital, and event materials.

COLOUR VARIANTS

GREEN (PRIMARY)	#00FF64 · Dark backgrounds — preferred version
CYAN	#00DCFF · Alternative dark bg, electronic / tech contexts
MAGENTA	#FF00B4 · High-energy contexts, festival materials
WHITE	#FFFFFF · Light backgrounds, merch, print on dark stock

BRAND PALETTE

BACKGROUND	#03070E · Near-black base — always use this behind the logo
GREEN	#00FF64 · Primary accent — laser, glows, borders
CYAN	#00DCFF · Secondary accent — labels, handles, info text
MAGENTA	#FF00B4 · Tertiary — high-energy highlights only
YELLOW	#FFDC00 · Occasional warm accent

USAGE RULES

- Always place the logo on a dark background unless using the white variant.
- Do not stretch, rotate, recolour, or apply effects outside approved variants.
- Maintain clear space around the logo equal to the height of one letter.
- Do not use the wordmark below 200px wide (digital) or 1.5 inches (print).
- The laser beam must always be visible — do not crop the right side.
- For any usage not covered here, contact DJLaserHead@gmail.com first.
